

Langmore FEES Scoring and Interpretation Course

Agenda:

7:30am - 7:55am Sign-in / Sign-on

7:55am - 8:00am Introduction

8:00am - 9:00am Update on Protocols and Scoring for FEES

9:00am - 9:30am FEES Tutorial publication review

9:30am - 9:45am Break

9:45am - 12:00pm Scoring review and practice

12:00pm - 1:00pm Lunch

1:00pm - 2:00pm Interpreting Abnormal Findings

2:00pm - 2:30pm Scoping Techniques Review

2:30pm - 3:00pm Recorded case studies for scoring and interpretation

3:00pm - 3:15pm Break

3:15pm - 4:45pm Recorded case studies for scoring and interpretation

4:45pm - 5:00pm Summary and Q&A

5:00pm - Adjourn

Overview: This program is an intermediate level course geared toward clinicians who are experienced in performing and interpreting FEES, and who want to sharpen their scoring and interpretation of FEES exams. A brief review of technical scoping techniques to achieve optimal view will be covered, and updates in research, protocols, and scoring related to the Langmore FEES protocol will be reviewed. Participants will have ample opportunity to sharpen their skills by scoring and interpreting recorded FEES exams with course faculty. Many case studies will be provided but participants are encouraged to bring their own difficult-to-score/interpret FEES exams for a more personalized group experience. It will be an interactive course.

Learning Outcomes: Participants will be able to...

1. Outline the latest research and clinical updates
2. Describe scoping techniques to obtain optimal views
3. Administer a standardized Langmore FEES protocol
4. Score FEES exams using the Langmore FEES protocol
5. Apply the results of the FEES exam to make meaningful recommendations
6. Identify specialized FEES protocols and scoring systems
7. Interpret abnormal findings from FEES exams
8. Apply FEES to different settings
